Annette came to the council to get approval for a special event/temporary use permit. Her church's ward wanted to put together a 'block party' and have a portion of the street blocked off to through traffic. Annette said they wanted to do it in front of their houses as opposed to using the church facilities. She said that she hadn't wanted to closed the street but Karen said she had heard others talk about putting up chairs and tables in the road. Karen said that if they passed the event tonight that Annette would have to go to each person's home that would be affected to let them know about the event. Karen also said that fire chief, Dave Derricott and police chief, Dakota Midkiff are aware of the event. They discussed the portion of the road that would be affected and who would still have access to their homes. Karen mentioned that they were able to waive the application fee as the group was a non-profit.

**Karen Nelson made a motion to approve the Mantua special event/temporary use permit from Annette Ash and the Mantua 2<sup>nd</sup> Ward BBQ and along with that the council will waive the fee because they are a nonprofit organization, Matt Jeppsen seconded.**
